Dear Laurence,

Thanks for this report.

Our permit for West Point Marina requires public access, including boat launching of all types. This access is currently unavailable and we are actively working to resolve this issue with Mark Sanders, the owner, and his landscape architects. You should soon - end of summer hopefully - be able to do launch your kayak as desired.

Thanks for taking the time to bring this matter to our attention. Please report any and all other such issues at this site to me with dates and times and photos, as appropriate.

Sincerely,

--
